

Can you imagine living in the hospital? Despite having great medical care, a medically fragile child is not able to thrive in a hospital environment. Heaven's Hope Inc. will be the first home for medically fragile children in the state of South Carolina. Not all parents are able or willing to take care of their medically fragile child. Since our state does not have a long term care facility for medically fragile children, these children end up living in the hospital. Our goal is to change this. These children, who fight for their life every single day, deserve a loving home that can meet all of their medical, emotional, and physical needs. Heaven's Hope Inc. will be staffed by licenced professionals who can care for the children's intricate medical needs. They will also be able to receive all supportive therapies needed to give them the best quality of life.

Despite these children's situation and diagnosis, they are incredibly strong. Our athletes perform their feats of strength on the field in honor of these children who fight everyday to stay alive. This project will take several years to complete and we have many goals. The most important being financial contributions. This is why we have created the Heaven's Hope Golf Classic as an annual fundraiser. We would love for you to partner with us by being a sponsor or a patron.

Please join us for our second annual Heaven's Hope Golf Classic on Saturday, May 1, 2021 at the Country Club of SC here in Florence, SC!

All proceeds will benefit Heaven's Hope, a local non-profit organization working to provide a loving place for medically fragile children to call home that meets their emotional, spiritual, medical, physical, social and educational needs.

Please help us continue to support Heaven's Hope by considering one of the sponsorship opportunities available for this exciting event!
